EXECUTIVE SUMMARY

Mission Statement

To reduce the state's traffic crashes, fatalities and injuries on the roads through leadership, innovation, facilitation and program support in partnership with other public and private organizations.

Executive Summary

The Nebraska Office of Highway Safety (NOHS), a division of the Nebraska Department of Motor Vehicles, is responsible for developing and implementing effective strategies to reduce the state's traffic injuries and fatalities and traffic related injury and fatality rates. These strategies may take the form of the stand-alone projects and activities or more comprehensive long-term programs. Both traditional and innovative strategies are encouraged and utilized.

Staff members of the NOHS are responsible for the administration of the federal section highway safety funding and for facilitating and implementing the highway safety program efforts supported by these funds. In addition, legislative responsibility for administering the state's Motorcycle Safety Act is also integrated into the NOHS activity along with the Enforcing Underage Drinking Laws federal grant funding from the U.S. Department of Justice.

The Director of the Nebraska Department of Motor Vehicles serves as the designated Governor's Highway Safety Representative, while the NOHS Administrator fulfills the role of the state's coordinator of the activity.

The State of Nebraska, Nebraska Office of Highway Safety, submits their Fiscal Year 2008 (FY08) highway safety plan document utilizing the "performance-based" approach. A "performance-based" approach to planning provides the state with flexibility in targeting highway safety identified problems. This process also appropriately provides the state with the ability to determine measurable outcomes.

The following document provides information regarding the annual strategic "benchmark" plan. The most significant section is the Process Description that describes the problem identification, performance goal selection, and the program/project/activity selection process.

Supplementary statistical traffic crash data provides the necessary data for the 402 Highway Safety Projects by Program Area for FY2008, Additional Highway Safety Funding, and Non Highway Safety Program Funding. Additional sections provide the required federal Certifications and Assurances and include the FY2008 Section 402 Obligation Cost Summary.

In addition to "402" funds, additional funding targets the following specific traffic safety issues:

- Section 157 Incentive will be used to increase occupant restraint use in Nebraska.
- Section 163 (.08 Incentive) may provide personal services, safety related instruments and equipment for law enforcement agencies and additional personnel to reduce appeals to district court as result of Administrative License Revocation (ALR).
- Section 405 Occupant Protection Incentive will be used to increase the statewide safety belt usage by conducting a Challenge with incentive awards for law enforcement agencies.
- Section 408 Data Program for Traffic Safety Information System Improvement will be used to improve the State data systems linking medical, roadway and economic data.
- Section 410 Impaired Driving will fund equipment and training to reduce alcohol and other drug involvement in traffic crashes.

- Section 1906 Grant Program to Prohibit Racial Profiling incentive grant will help to enforce laws prohibiting the use of racial profiling in the enforcement of traffic laws.
- Section 2010 Motorcycle Safety Incentive grant program provides materials for a motorcycle awareness program to reduce motorcycle crashes.
- The U.S. Department of Justice provides funding to enforce the laws on underage drinking problems through community coalition groups.
- Motorcycle Safety Education Act is administered by NOHS to provide state funding for motorcycle rider training courses.

NOHS also provides support and assistance to other Department of Motor Vehicles operations from traffic records to driver and vehicle licensing to motor carrier services to the financial responsibility and legal activities of the agency.

Process Description

This is a brief description of the processes utilized to determine Nebraska's traffic safety problems, goals, and project/activity/program emphasis. The processes are described under the following three titles:

- Problem Identification
- Performance Goal Selection
- Program, Project and Activity Selection Process

Problem Identification

Problem identification is performed by the Nebraska Office of Highway Safety (NOHS) staff, with the sometime assistance of other state and local agencies, and involves the study of relationships between crashes and the characteristics of population, licensed drivers, registered vehicles, and vehicle miles. Drivers can be divided into various subgroups by age, sex, etc. Vehicles can be divided into subgroups according to the year, the make, body style, etc. Roadways can be divided into subgroups according to urban, rural, type of surface, etc. Crashes can be further analyzed in terms of time, day, and month; age and sex of the driver, primary contributing factors; and usage of safety equipment.

The Nebraska Office of Highway Safety has chosen to define a highway safety crash problem as "an identifiable subgroup of drivers, pedestrians, vehicles, or roadways that is proportionately higher in crash experience compared to normal expectations." The fact that a subgroup is over represented in crashes may suggest that there is a characteristic of that subgroup that contributes to the crashes. A contributing factor can be defined as an identifiable characteristic of drivers, pedestrians, vehicles, or roadways, which are statistically higher in crash experience as compared to normal expectations.

Isolating and identifying contributing factors are essential in the strategic planning and selection of projects, activities, or programs that result in measurable outcomes. The more specific contribution of characteristics may be identified and corrected. The crash experience of the subgroup may be improved, resulting in a reduction of the rate of traffic crash fatalities and injuries.

When conducting analysis, the NOHS staff also considers other influencing factors. Factors such as composition of population, modes of transportation, system support, economic conditions, etc., may all affect traffic behavior. The experience and judgment of the NOHS staff (and their highway safety partners) are essential in the problem identification and priority setting process.

The NOHS staff also solicits and requests information and data from other traffic safety advocate groups and individuals. These include, but are not limited to: federal, state and local government

agencies:

Nebraska Supreme Court (Court Administrator, Probation Administrator)
Nebraska Department of Roads, Federal Highway Administration,
Nebraska Liquor Control Commission, Nebraska Commission on Law Enforcement
Criminal Justice, Nebraska Attorney General's Office.

Hospitals, local health departments, law enforcement, etc.:

Nebraska Hospital Association, Nebraska Nurses Association, Health and Human Services
System, Nebraska Department of Education, Nebraska State Patrol;

Non-profit organizations:

Mothers Against Drunk Driving, National Safety Council, Greater Omaha Chapter,
Nebraska Prevention Center for Alcohol and Drug Abuse, Nebraska Safety Council, Inc.,
University of Nebraska – Kearney Safety Center, etc.; University of Nebraska – Lincoln,

Professional associations:

Nebraska County Attorney's Association, Nebraska Trucking Association,
Police Officer's Association of Nebraska, Nebraska Sheriff's Association, etc., and interested
individuals.

The participating members of the Nebraska Advocates for Highway Safety are vital partners and collaborators in the problem identification and priority determination process.

Among the other groups that contribute are:

City of Omaha Prosecutor's Office, CODES Data Management Team,
Independence Center Advisory Committee, Nebraska Child Passenger Safety Advisory
Committee, Nebraska Operation Lifesaver Committee, Nebraska Partners in Prevention,
Nebraska Preventive Health Advisory Committee, Nebraska Safety Center Advisory
Council,
Nebraska AAA Foundation, Youth In Action, NU Directions – University of Nebraska –
Lincoln,
Project Extra Mile, Students Against Destructive Decisions, Health Education Inc.,
Traffic Records Advisory Committee, and the Underage Drinking Advisory Task Force.

Other critical considerations in the problem identification process are the use of conducted assessments, surveys (attitudinal, observations, etc.) evaluations (administrative, scientific, etc.) and studies. Years-of-life lost (see page 14) is a public health measure that will also be utilized. These data sources may be used as single sources of information or utilized in combination with other traditional traffic record data for problem identification. By refining the problem identification process annually and by implementing specific program activity addressing those problems, greater measurable outcomes are expected.

For the purpose of this FY2008 problem identification process, the NOHS has elected to review overall statewide data analysis utilizing reported fatal, A (disabling) and B (visible, but not disabling injury) type injury crashes as the primary source of information. Calendar year data are being utilized.

Geographical consideration is used in the problem identification process including dividing the problems according to Nebraska's three United States House of Representatives Districts. Further geographical problem identification considerations will primarily concentrate on the selected 23 priority counties, representing 80% of the population within those congressional districts. These counties and the communities within them have been selected based upon crash data from the previous three years.

A Nebraska Annual Comparative Data chart is being provided.

Performance Goal Selection

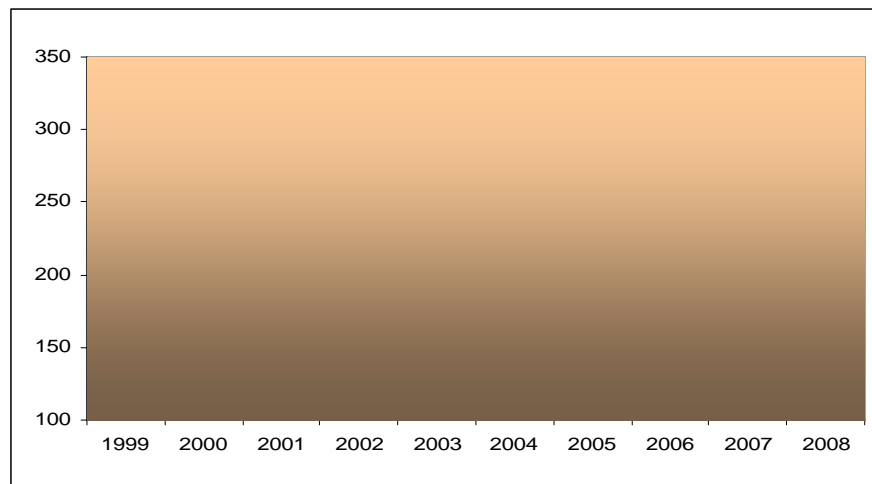

Performance goals, both short and long term, evolve from the problem identification process. Identified emphasis areas are selected from this process and reviewed to assure that they are consistent with the guidelines and emphasis areas established by the U.S. Department of Transportation, National Highway Traffic Safety Administration.

Using the experience and expertise of the NOHS professional staff, an appropriate overall statewide performance goal and performance measures in selected emphasis areas are established. Projections are based on a regression analysis program. The projection is based upon a sustained level of activity and the goal is established by anticipating additional activity that more precisely targets identified problems.

Performance Goals and Trends

Goal: Fatalities

Reduce Fatalities by 4% to 254 in 2008.

Goal: Serious Injuries

Reduce Serious Injuries by 1,748 in 2008.

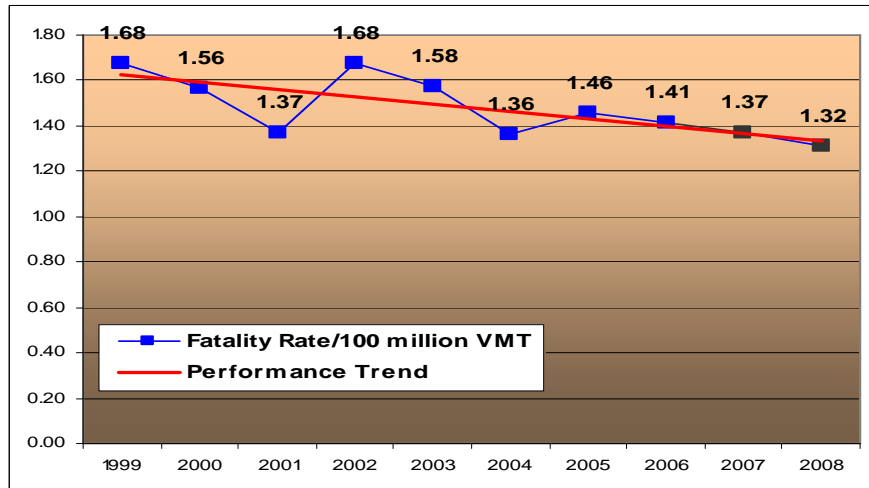

Goal: Fatalities and Injuries

Reduce Fatalities and Serious Injuries by 2,002 in 2008.

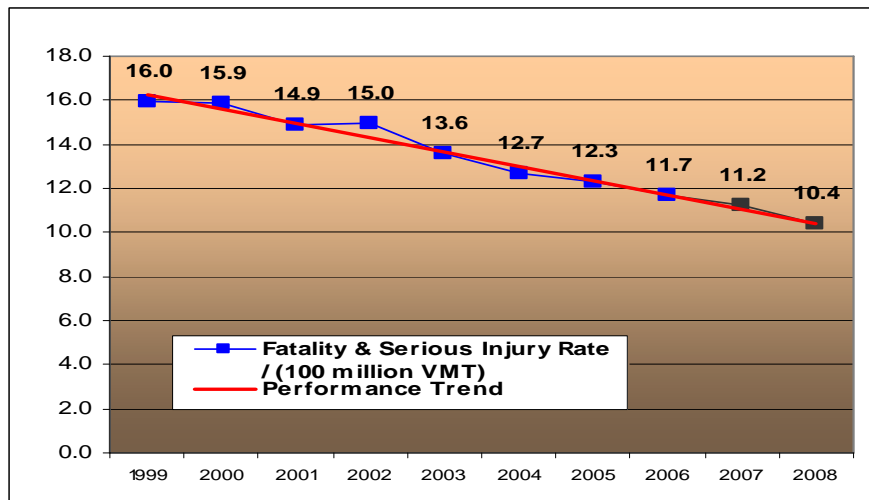

Goal: Fatality Rate/VMT

Reduce Fatality Rate / 100 million VMT to 1.32 in 2008.

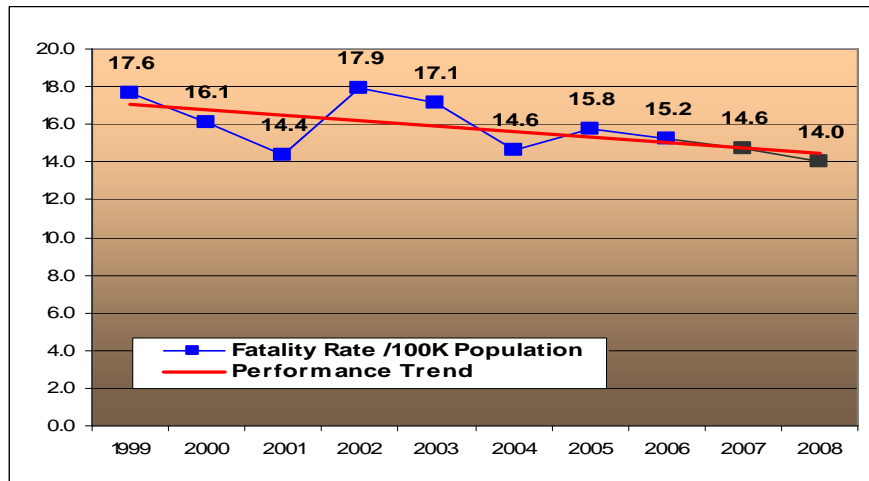

Goal: Fatality and Injury Rate/VMT

Reduce the Fatality and Serious Injury Rate to 10.4% in 2008.

Goal: Fatality Rate/100K Population

Reduce the Fatality Rate / 100K Population to 14.0 in 2008.

Goal: Fatality/Injury Rate/100K Population

Reduce Fatality & Serious Injury Rate / 100K Population to 110.6 in 2008.

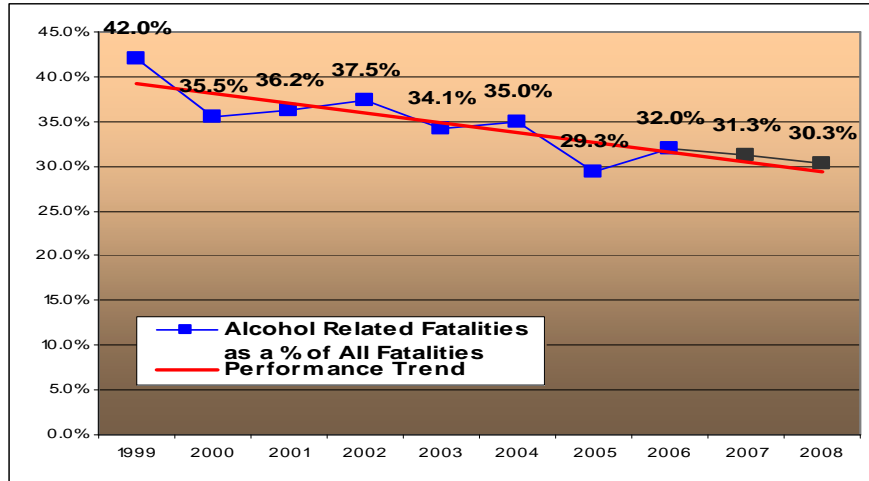

Goal: Alcohol Related Fatalities

Reduce Alcohol Related Fatalities to 77 in 2008.

Goal: Alcohol Fatality Proportion

Reduce Alcohol Related Fatalities as a Percentage of All Fatalities to 30.3% in 2008.

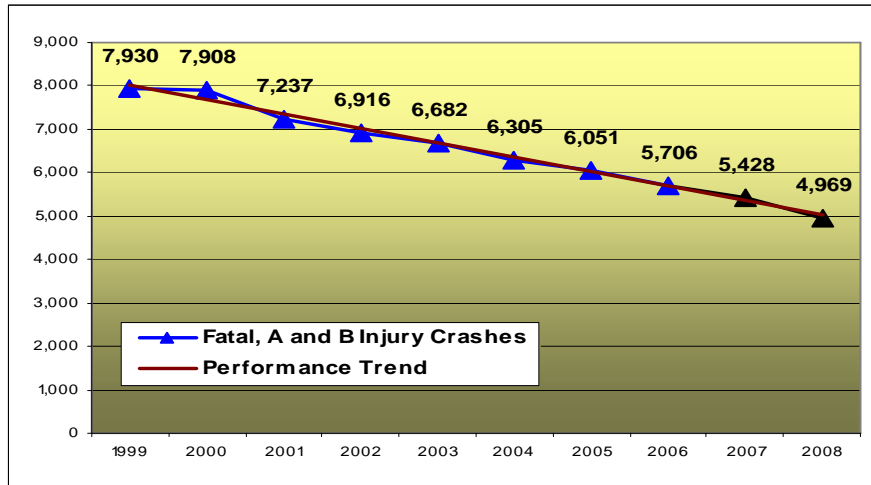

Goal: Alcohol Fatality Rate/VMT

Reduce Alcohol Related Fatality Rate / (100 Million VMT) to 0.40 in 2008.

Overall Goal:

Reduce Fatal, A and B Injury Crashes by 4% (4,969) in 2008.

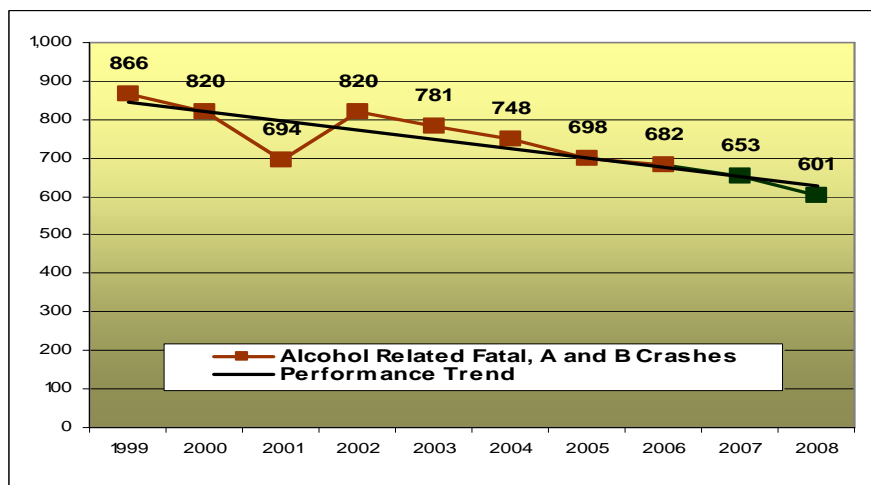

Performance Measures

The FY 2008 selected emphasis areas are as follows:

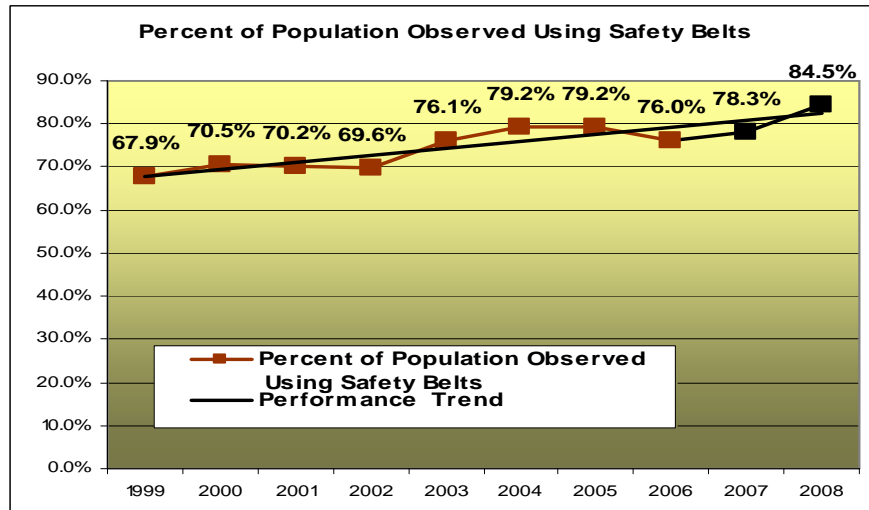

1. Alcohol Related Fatal, A and B Injury Crashes

Reduce Alcohol Related Fatal, A and B Injury Crashes by 4% (601).

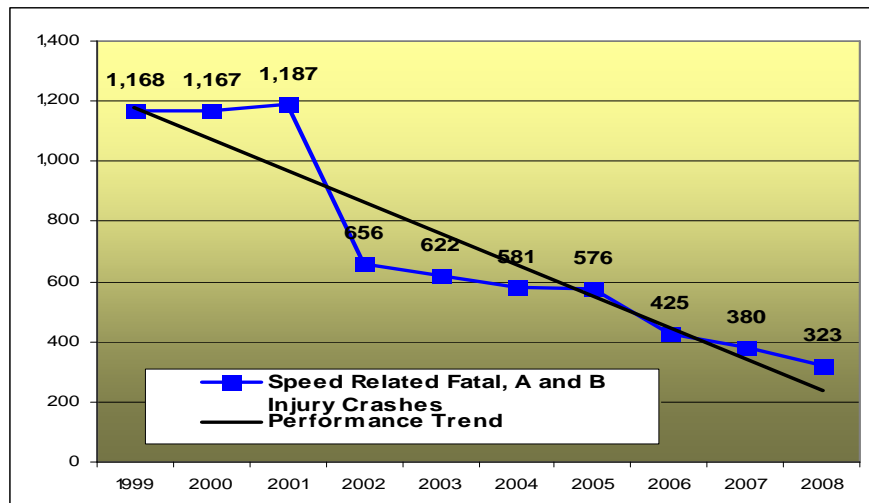

2. Occupant Restraint Use

Increase the Occupant Restraint Usage to 84.5%.

3. Speed Related Fatal, A and B Injury Crashes

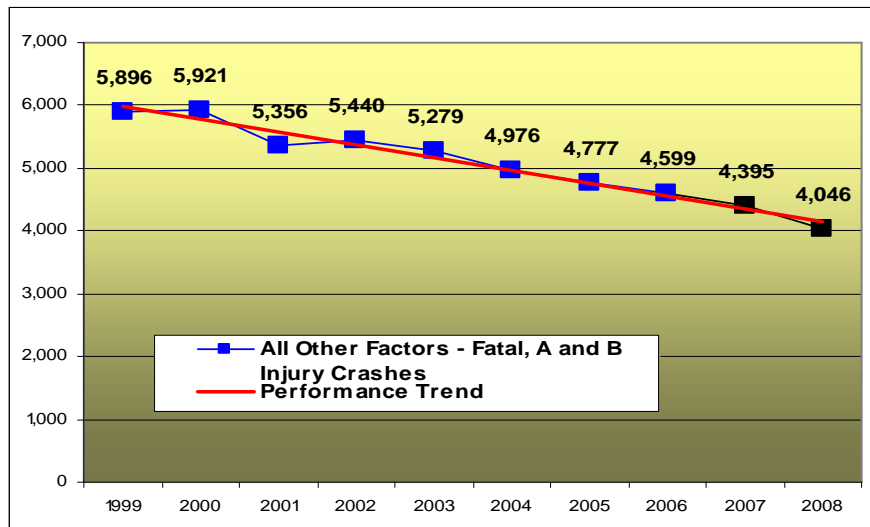

Reduce Speed Related Fatal, A and B Injury Crashes by 4% (323).

Note: 2002 changes were made to Database affected speed related crash data.

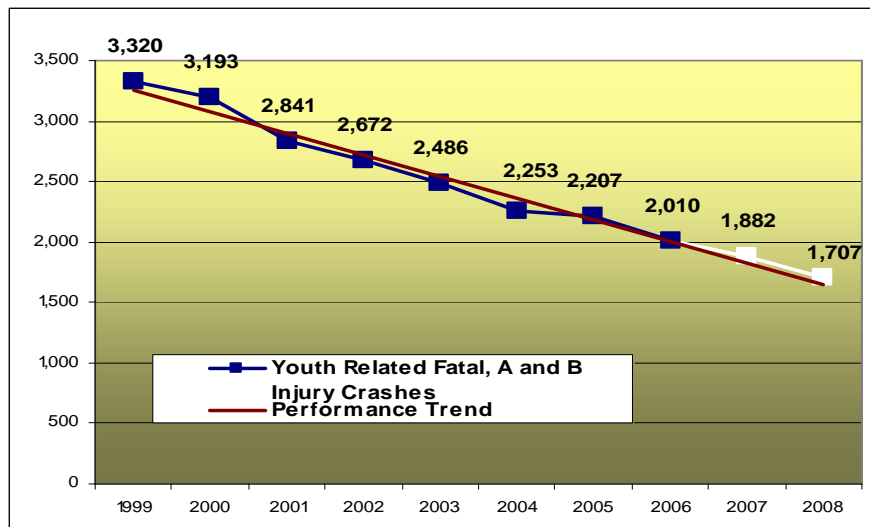

4. Youth Involved Fatal, A and B Injury Crashes

Reduce Youth Involved Fatal, A and B Injury Crashes by 4% (1,707).

5. All Other Factors Involved Fatal, A and B Injury Crashes

Reduce All Other Factors Involved Fatal, A and B Injury Crashes by 4% (4,046).
(Minus Alcohol and Speed Crashes)

Program, Project And Activity Selection Process

The NOHS utilizes the following major steps to determine the appropriate selection of programs, projects, and activities for the FY2008 funding period:

- Problem identification for specific geographical priority areas;
- Prioritizing or ranking of the emphasis areas;
- Goals are established;
- Proposals solicited and/or reviewed;
- Funding resources assessed and recommendations developed;
- Preliminary program, project, or activity selection based upon need, performance, and outcome expectations;
- Final contracts negotiation and approval.

The program, project, and activity selection is the responsibility of the NOHS professional staff. Information from a variety of data sources is utilized. A point value evaluation criteria form is used to determine how individual applications compare. These comparisons and ratings are used to make final funding determinations.

Highway Safety Projects by Program Area

The Nebraska Office of Highway Safety (NOHS) has designated its Section 402 Highway Safety funds for Federal Fiscal Year 2008 (October 1, 2007 - September 30, 2008) to 31 projects. This listing provides a brief description of the projects. While there are 31 projects, an expected total of more than 350 individual projects will result from the mini-grant contract awards. A total of \$2,398,403.00 has been allocated for Fiscal Year 2008.

Planning and Administration

Project Number: 08-1

Project Title: **Planning and Administration**

Description:

Provide the staff and facility resources to deliver programs that meet the program goals and objectives to reduce crashes, injuries and deaths. Provides funding to the NOHS for basic administrative costs including office expenses, personal services, memberships, and travel expenses for an administrator, federal aid administrator II, accountant, and staff assistant. OJJDP administrative costs are taken from the Nebraska Department of Motor Vehicle cash funds. As required, state cash funding will hard match each federal dollar expended in this project. This project is responsible for collaborating with partners in transportation safety, public safety and injury control programs. The performance measures for this project are as follows: Quality and timeliness of annual programs, plans and evaluation reports, to actively participate in statewide, multidisciplinary transportation safety, public safety and injury control programs. The Director/Governor's Highway Safety Representative of the Department of Motor Vehicles authorizes and approves the use of state funds of the DMV Driver and Vehicle Records Division and the Examining Division for soft matching the federal highway safety funding. NOHS maintains documentation from the Department of Motor Vehicles to meet the requirements of NHTSA Order 452-6C. This documentation is on file for each fiscal year.

Budget: \$160,000

Project Number: 08-2

Project Title: **Auditing**

Description:

Provides funding to the NOHS for the cost of auditing all highway safety projects. This provides a means of budgeting and a method of cost effectiveness on providing funds for all audits of the activities outlined in the plan. The Auditor of Public Accounts performs the audits.

Budget: \$4,000

Planning and Administration: Budget Summary

Project Number	Project Title	Budget
08-1	Planning and Administration	\$160,000.00

Total 402 Funds		\$164,000.00

Alcohol Program Area

Goal: To reduce Alcohol Related Fatal, A and B Injury Crashes by 4% (601).

Project Number: 08-6

Project Title: **Nebraska Collegiate Consortium to Reduce High Risk Drinking/
University of Nebraska at Lincoln – Nebraska Prevention Center for
Alcohol and Drug Abuse**

Description:

Provides funding to further the development of the Nebraska Collegiate Consortium to Reduce High Risk Drinking project. This funding will provide technical assistance to support the implementation of strategic plans for 12 colleges. The strategies pursued during this grant will provide the participants with the interventions necessary to impact student high risk drinking and reduce drinking and driving and the means to effectively measure and document change in these outcomes. This project is the only one in the nation attempting to spread a proven program to all the public institutions of higher education in a state. It is also the only program with a customized brief intervention available to all participating colleges.

Budget: \$99,971

Project Number: 08-8

Project Title: **Habitual Traffic Offender Responsibility Project
City of Omaha Prosecutor's Office**

Description:

This project will fund a full time prosecutor to handle all phases of Driving During Suspension prosecution including charge-setting, arraignment, trial and sentencing. The full time administrative clerk will screen arrests submitted by law enforcement agencies and be responsible for the mailing of informational packages to suspended drivers with the goal being to reduce the failure to appear rate. This project will also facilitate the reinstatement of driving privileges of suspended drivers.

Budget: \$118,150

Project Number: 08-9

Project Title: **Alcohol / Program Coordination / NOHS**

Description:

Provides funding for the NOHS for basic costs, including personal services, travel expenses, and office expenses, to coordinate, monitor, and audit alcohol program area grants and activities.

Budget: \$85,000

Project Number: 08-10

Project Title: **Alcohol / Public Information and Education / NOHS**

Description:

Provides funding to the NOHS for promotional/educational equipment and materials including brochures, public service announcements, local mini-grants, and campaigns to encourage increased awareness of impaired driving issues.

Budget: \$73,000

Project Number: 08-11

Project Title: Alcohol Equipment Support / BATmobile / NOHS

Description:

Provides funding for the NOHS to assist local law enforcement agencies in obtaining mouthpieces, evidence cards, Alco cans and completing repairs for preliminary and evidentiary alcohol testing equipment. Funding is also provided to maintain the state's Breath Alcohol Testing Mobile Vehicle (BATmobile). The BATmobile vehicle is loaned to law enforcement agencies at no cost to assist in impaired driving enforcement and education efforts.

Budget: \$20,000

Project Number: 08-12

Project Title: Alcohol / Selective Overtime Enforcement / NOHS

Description:

Provides funding to the NOHS to award mini - grants for selective overtime alcohol enforcement (compliance checks, saturation patrols, sobriety checkpoints, shoulder taps, etc.) to state and local law enforcement agencies. Law enforcement agencies must identify specific locations, time of day, day of week, etc. relating to alcohol fatal, A and B injury crashes.

Budget: \$300,000

Additional Highway Safety Funding

Section 157 Seat Belt Use Incentive

The goal of the 157 Seat Belt Use Incentive project is to increase the usage rate of occupant restraints in Nebraska. This will be achieved by increasing the availability of child passenger safety (CPS) seats for low income parents and CPS training for technicians that also serve as resources for parents/caregivers. Enforcement of occupant restraint laws is also a major priority.

Section 163 (.08) Incentive

The Nebraska Office of Highway Safety may provide personnel costs, instruments, training, and related equipment for law enforcement agencies and other traffic safety related agencies.

Section 405 Occupant Protection Incentive

The goal of the 405 Occupant Protection Incentive project is to increase statewide safety belt usage. This will be achieved by conducting a "Challenge" in which law enforcement agencies compete for equipment rewards. Winners are determined by achieving the highest usage rate among jurisdictions or the largest increase in usage.

Section 408 Data Program for Traffic Safety Information System Improvement

Federal funds are used to adopt and implement an effective highway safety data and traffic records program. Funding eligibility requests that a state must have an established Traffic Records Coordinating Committee (TRCC). The state 408 Traffic Records Strategic Plan has proposed 16 grants in the original submission. A traffic records assessment was completed in August 2006. The assessment is used as a guide for project priorities.

Section 410 Impaired Driving

This funding will assist in reducing impaired driving crashes involving alcohol and other drugs. Funding aids in providing equipment and training that will enhance in impaired driving arrests, improve the quality and efficiency of the prosecution and adjudication of offenders, and increases the public perception that impaired driving offenders will be apprehended, arrested and convicted. Funding will also be utilized to assist with the purchase of in-car video camera systems and preliminary breath testing units for Nebraska law enforcement agencies and for the training of Drug Recognition Experts.

Section 1906 Prohibit Racial Profiling

Section 1906 Grant Program to Prohibit Racial Profiling incentive grant will help to enforce Nebraska laws prohibiting the use of racial profiling in the enforcement of traffic laws. In addition, funds will improve the promptness, efficiency, and quality of driver race data for those traffic stops.

Section 2010 Motorcycle Safety

Section 2010 provides funding to aid in reducing the annual number of single and multi-vehicle crashes involving motorcycles. Funding may be used to enhance motorist and motorcyclist awareness programs with specific countermeasures aimed at both motorcycle operators and other drivers.

Non Highway Safety Program Funding

Federal OJJDP (Office of Juvenile Justice and Delinquency Prevention) Combating Underage Drinking Task Force Project

Funding for this activity involves Nebraska enforcing underage drinking laws program activity. Project Extra Mile is a non-profit community coalition support organization, which was established as a model program to reduce underage drinking and its related community impact in the Omaha metropolitan area. These funds provide support for the operation and expansion of these community coalitions. Project Extra Mile has demonstrated success with the issues involving enforcing underage drinking laws and the methods of implementing community action to meet the state's goals and objectives. (OJJDP Funding)

State Funded Motorcycle Rider Training

NOHS is responsible for administering the state's Motorcycle Safety Education Act, which includes approving motorcycle rider training courses, certifying instructors, rider coach instructors, and reimbursing approved course providers for successful trainees. The funding for this activity is generated annually from a portion of the motorcycle registration fee and the motorcycle operators license fee.

Nebraska Certifications and Assurances

Failure to comply with applicable Federal statutes, regulations and directives may subject State officials to civil or criminal penalties and/or place the State in a high risk grantee status in accordance with 49 CFR §18.12.

Each fiscal year the State will sign these Certifications and Assurances that the State complies with all applicable Federal statutes, regulations, and directives in effect with respect to the periods for which it receives grant funding. Applicable provisions include, but not limited to, the following:

- 23 U.S.C. Chapter 4 - Highway Safety Act of 1966, as amended;
- 49 CFR Part 18 - Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments
- 49 CFR Part 19 - Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Nonprofit Organizations
- 23 CFR Chapter II (§§1200, 1205, 1206, 1250, 1251, & 1252) Regulations governing highway safety programs
- NHTSA Order 462-6C - Matching Rates for State and Community Highway Safety Programs
- Highway Safety Grant Funding Policy for Field-Administered Grants

Certifications and Assurances

The Governor is responsible for the administration of the State highway safety program through a State highway safety agency which has adequate powers and is suitably equipped and organized (as evidenced by appropriate oversight procedures governing such areas as procurement, financial administration, and the use, management, and disposition of equipment) to carry out the program (23 USC 402(b) (1) (A));

The political subdivisions of this State are authorized, as part of the State highway safety program, to carry out within their jurisdictions local highway safety programs which have been approved by the Governor and are in accordance with the uniform guidelines promulgated by the Secretary of Transportation (23 USC 402(b) (1) (B));

At least 40 percent of all Federal funds apportioned to this State under 23 USC 402 for this fiscal year will be expended by or for the benefit of the political subdivision of the State in carrying out local highway safety programs (23 USC 402(b) (1) (C)), unless this requirement is waived in writing;

The State will implement activities in support of national highway safety goals to reduce motor vehicle related fatalities that also reflect the primary data-related crash factors within the State as identified by the State highway safety planning process, including:

- National law enforcement mobilizations,
- Sustained enforcement of statutes addressing impaired driving, occupant protection, and driving in excess of posted speed limits,
- An annual statewide safety belt use survey in accordance with criteria established by the Secretary for the measurement of State safety belt use rates to ensure that the measurements are accurate and representative,
- Development of statewide data systems to provide timely and effective data analysis to support allocation of highway safety resources.

The State shall actively encourage all relevant law enforcement agencies in the State to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect.

This State's highway safety program provides adequate and reasonable access for the safe and convenient movement of physically handicapped persons, including those in wheelchairs, across curbs constructed or replaced on or after July 1, 1976, at all pedestrian crosswalks (23 USC 402(b) (1) (D));

Cash draw-downs will be initiated only when actually needed for disbursement, cash disbursements and balances will be reported in a timely manner as required by NHTSA, and the same standards of timing and amount, including the reporting of cash disbursements and balances, will be imposed upon any secondary recipient organizations (49 CFR 18.20, 18.21, and 18.41). Failure to adhere to these provisions may result in the termination of draw-down privileges);

The State has submitted appropriate documentation for review to the single point of contact designated by the Governor to review Federal programs, as required by Executive Order 12372 (Intergovernmental Review of Federal Programs);

Equipment acquired under this agreement for use in highway safety program areas shall be used and kept in operation for highway safety purposes by the State; or the State, by formal agreement with appropriate officials of a political subdivision or State agency, shall cause such equipment to be used and kept in operation for highway safety purposes (23 CFR 1200.21);

The State will comply with all applicable State procurement procedures and will maintain a financial management system that complies with the minimum requirements of 49 CFR 18.20;

The State highway safety agency will comply with all Federal statutes and implementing regulations relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin (and 49 CFR Part 21); (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps (and 49 CFR Part 27); (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse of alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§ 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

The Drug-free Workplace Act of 1988(49 CFR Part 29 Sub-part F):

The State will provide a drug-free workplace by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing a drug-free awareness program to inform employees about:
 1. The dangers of drug abuse in the workplace.
 2. The grantee's policy of maintaining a drug-free workplace.
 3. Any available drug counseling, rehabilitation, and employee assistance programs.
 4. The penalties that may be imposed upon employees for drug violations occurring in the workplace.
- c. Making it a requirement that each employee engaged in the performance of the grant be given a copy of the statement required by paragraph (a).
- d. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will –
 1. Abide by the terms of the statement.
 2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction.
- e. Notifying the agency within ten days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction.
- f. Taking one of the following actions, within 30 days of receiving notice under subparagraph (d) (2), with respect to any employee who is so convicted --
 1. Taking appropriate personnel action against such an employee, up to and including termination.
 2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f) above.

Buy America Act

The State will comply with the provisions of the Buy America Act (23 USC 101 Note) which contains the following requirements:

Only steel, iron and manufactured products produced in the United States may be purchased with Federal funds unless the Secretary of Transportation determines that such domestic purchases would be inconsistent with the public interest; that such materials are not reasonably available and of a satisfactory quality; or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. Clear justification for the purchase of non-domestic items must be in the form of a waiver request submitted to and approved by the Secretary of Transportation.

Political Activity (Hatch Act)

The State will comply with the provisions of 5 U.S.C. §§ 1501-1508 and implementing regulations of 5 CFR Part 151, concerning "Political Activity of State or Local Offices, or Employees".

Certification Regarding Federal Lobbying:

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of

- any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
 3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Restriction on State Lobbying:

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Certification Regarding Debarment and Suspension:

Instructions for Primary Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms *covered transaction*, *debarred*, *suspended*, *ineligible*, *lower tier covered transaction*, *participant*, *person*, *primary covered transaction*, *principal*, *proposal*, and *voluntarily excluded*, as used in this clause, have the meaning set out in the Definitions and coverage sections of 49 CFR Part 29. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of Parties Excluded from Federal Procurement and Non-procurement Programs.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to

render in good faith the certification required by this clause. The knowledge and information of a participant on is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters-Primary Covered Transactions

1. The prospective primary participant certifies to the best of its knowledge and belief, that its principals:
 - (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;
 - (b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of record, making false statements, or receiving stolen property;
 - (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.
2. Where the prospective primary participant is unable to certify to any of the Statements in this certification, such prospective participants shall attach an explanation to this proposal.

Instructions for Lower Tier Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded*, as used in this clause, have the meanings set out in the Definition and Coverage sections of 49 CFR Part 29. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. (See below)
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency

with which this transaction originated may pursue available remedies, including suspension and/or debarment.
Certification Regarding Debarment, Suspension, Ineligibility And Voluntary Exclusion -- Lower Tier Covered Transactions:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Environment Impact:

The Governor's Representative for Highway Safety has reviewed the State's Fiscal Year 2008 highway safety planning document and hereby declares that no significant environmental impact will result from implementing this Highway Safety Plan. If, under a future revision, this Plan will be modified in such a manner that a project would be instituted that could affect environmental quality to the extent that a review and statement would be necessary, this office is prepared to take the action necessary to comply with the National Environmental Policy Act of 1969 (42 USC 4321 et seq.) and the implementing regulations of the Council on Environmental Quality (40 CFR Parts 1500-1517).
