

WASHINGTON STATE 2008 HIGHWAY SAFETY PERFORMANCE PLAN

**WASHINGTON TRAFFIC SAFETY COMMISSION
1000 Cherry Street SE
P.O. Box 40944
Olympia, Washington 98504-0944**

August 31, 2007

Revised September 28, 2007

STATE OF WASHINGTON

WASHINGTON TRAFFIC SAFETY COMMISSION

1000 S. Cherry St., PO Box 40944 • Olympia, Washington 98504-0944 • (360) 753 - 6197

TO: Washington State Citizens

FROM: Lowell Porter
Director

A blue ink signature of Lowell Porter, written over the printed name and title.

DATE: August 31, 2007

SUBJECT: Washington State Year 2008 Highway Safety Performance Plan

On behalf of the Washington Traffic Safety Commission (WTSC), I am pleased to present our state's *2008 Highway Safety Performance Plan*. I believe that, with the help of citizens interested in traffic safety across the state, the projects selected for funding in FFY 2008 will help the WTSC accomplish our primary goal - **to eliminate traffic related deaths and disabling injuries on Washington roadways by the year 2030.**

This document consists of three principal parts - the *Benchmark Report*, the *Planning Document*, and *State Certifications and Assurances*.

The *Benchmark Report* explains the process used by the WTSC to identify problems, establish goals and performance measures, and select which projects will be funded within Washington State. It contains data, goals and performance measures applicable to key traffic safety emphasis areas identified in the "Washington State Strategic Highway Safety Plan: Target Zero." It also provides a general budget/cost summary showing federal and state fund allocations within traffic safety program areas.

The *Planning Document* describes specific projects selected by the WTSC for funding during FFY 2008. Each project selected for funding is linked to one or more of the state traffic safety goals identified in the Benchmark Report.

Finally, the *Agreement Provisions, Certifications and Assurances* section lists certain conditions that govern the use of federal Highway Safety funds.

This document is required by Federal rule as part of our annual application for National Highway Traffic Safety Administration and Federal Highway Administration funds appropriated under the federal transportation budget, SAFYEALU. These funds will be used to improve safety on Washington roadways throughout FFY 2008, which runs from October 1, 2007 to September 30, 2008.

I. WASHINGTON STATE BENCHMARK REPORT

A. PROCESS DESCRIPTION

This section contains a brief description of the processes used by Washington State to identify its traffic safety problems, establish performance goals and develop the programs/projects summarized in the Planning Document found in Section II.

In addition to the WTSC staff, there are two key groups representing the traffic safety community that are critical participants in each step of the process:

Washington Traffic Safety Commissioners

The ten Commissioners include: Governor (Chair), Superintendent of Public Instruction, Representative from the Judiciary, Chief of the Washington State Patrol, Representative of the Counties, Representative of the Cities, Secretary of Social and Health Services, Secretary of Transportation, Director of Licensing, and Secretary of Health.

The WTSC Technical Advisory Committee

- A representative of each Commission organization listed above
- Representatives of key traffic safety stakeholder groups

1) Traffic Safety Problem Identification

The 2008 HSPP goals and performance measures are aligned with those found in the “Washington State Strategic Highway Safety Plan: Target Zero” (SHSP.)

In order to identify problems unique to Washington, we closely analyzed Washington State data. Primary data sources utilized were: statewide traffic collision data; the Fatal Accident Reporting System (FARS); and WTSC observation of traveler behavior. Observation surveys are conducted by WTSC periodically to assess state usage rates for seatbelts, child safety restraints, motorcycle and bicycle helmets and other key observable behavior, such as cell phone use. The primary indicators used to assess risk are the numbers of fatalities and serious injuries that result from traffic crashes.

2) Goals and Performance Measures

Once Washington’s problem areas were identified, performance measures were adopted and goals were set. The WTSC staff and Technical Advisory Committee met to discuss the data and problem areas to insure that state traffic safety goals are correctly identified in this document and are in harmony with goals identified in the state SHSP, which was signed by Governor Gregoire in February 2007.

The WTSC staff, legislature, TAC and Commissioners continue to refine the goals, benchmarks and performance measures. The Commissioners directed staff to base funding decisions on these goals, funding projects that are in line with the strategies in the Washington State Target Zero Strategic Plan: Target Zero.

3) *Project Development*

The grant request form/RFP was distributed by mail, at various meetings/conferences and could be downloaded from the WTSC web page. The form explains allowable vs. unallowable costs and most importantly, lists our goals and priority areas. We made it clear that project proposals must have a direct link to one or more goals, and that project proposals that address an emphasis area and employ a proven traffic safety strategy would receive special consideration.

All the grant applications were initially reviewed by the WTSC program director. Each project was assigned to a program manager for further review. The program managers then studied individual projects and presented them to the staff in June of 2007. The staff made priority and funding recommendations, which were sent to the TAC for consideration. The TAC reviewed current data, proposed goals and project applications and made their funding recommendations to the WTSC Director. The Director made a few final adjustments and draft funding and priority recommendations were mailed to Commissioners in July of 2007. The Commissioners met in late July and approved funding for the projects listed in this document. The Commissioners found that each goal established was based on careful review of all available data and that each project was appropriately linked to state traffic safety goals and Target Zero strategies.

In summary, accurate and timely data is the cornerstone of this traffic safety plan. Data drives the goals, each project is directly linked to an approved goal, and finally, data provides the basis for evaluating the effectiveness of completed projects.

B. EQUIPMENT VALUED AT OVER \$5000

Any equipment purchased with federal traffic safety grant funds must be approved in advance by the Pacific Northwest Region of NHTSA.

Federal project numbers K4PT08-01, K908-01 and K1008-01, found in this HSP, are intended to purchase up to 200 full or partial in-car systems for use by the Washington State Patrol (or local law enforcement agencies through the Washington Association of Sheriffs and Police Chiefs.) These systems are necessary to implement the state's electronic ticketing & (crash) reporting system, eTRIP, and to track (and reduce if necessary) racial profiling. A full in car system consists of a laptop computer, scanner and printer. Cost of individual system components are identified in the table below:

• Ruggedized laptops	\$4,900
• Mounting Hardware	\$580
• Hand held bar code scanners & Hardware	\$540
• Portable Thermal Printer & Hardware	\$350
• Installation	\$380
Total Cost of full system/ per vehicle	\$6,750

WTSC will submit written requests for approval if the need to purchase additional equipment valued over \$5000 arises.

C. WTSC GOALS, PERFORMANCE MEASURES & BENCHMARKS

MISSION STATEMENT

To save lives and reduce injuries on Washington roads through leadership, innovation, coordination and program support in partnership with traffic safety activists, professionals and organizations throughout the state.

PRIMARY GOAL

Washington State's long-term goal is to eliminate all deaths and disabling injuries resulting from traffic crashes by the year 2030. Target Zero.

Our primary short-term goal is to reduce the number of deaths and serious injuries that result from traffic crashes.

STRATEGY TO REACH THE PRIMARY GOALS

Supporting goals are identified, along with performance measures and benchmarks that will reflect the primary goal. Activities necessary to reach subordinate goals will be identified and funded. High-risk populations, high-risk behaviors and high crash locations will receive priority when establishing goals and funding supporting projects.

The *Washington State Strategic Highway Safety Plan: Target Zero*, adopted by the Commission and approved by Governor Gregoire in February 2007, identifies strategies necessary to reach our goal of zero fatal or disabling traffic injuries by 2030. Although not specific goals, Target Zero identifies sobriety checkpoints,

wider use of ignition interlocks, graduated licensing law improvements and expanded authority to employ automated traffic enforcement as high priority legislative strategies.

Some programs will lend themselves to statewide or regional solutions, special emphasis, however, will be placed on developing local solutions to local problems.

Although goals have been set in many program areas, pupil transportation, EMS and Traffic records goals could not be satisfactorily displayed in charts and graphs. Pupil transportation, EMS and traffic records goals are presented below in text, all other program area goals are presented in the charts and graphs that follow.

PERFORMANCE GOALS, DATA, TRENDS AND BENCHMARKS

TRAFFIC SAFETY LEGISLATION

PUPIL TRANSPORTATION AND SCHOOL WALKWAY SAFETY

Increase the safety of children on playgrounds and as they proceed to and from school.

1. Reduce hazardous walking conditions within one mile of schools.
2. Maintain current outstanding safety records for students on school buses or in school bus boarding areas. Present data indicates risk of fatal or serious injury to students on or near school buses is extremely low.
3. Continue to implement eight year plan to upgrade school zone signs to reduce speeds around all elementary and middle schools in the state.

TRAFFIC RECORDS

Upgrade traffic records and data systems to improve support for traffic safety problem identification and evaluation of program effectiveness:

1. Provide an ongoing statewide forum for traffic records and support the coordination of multi-agency initiatives and projects.
 - a. Reduce paper-based exchanges among traffic records systems and stakeholders.

2. Leverage technology and appropriate government and industry standards to improve the collection, dissemination, and analysis of traffic records data.
 - a. Develop integrated patient care systems for enhanced injury surveillance.
3. Improve the interoperability and exchange of traffic records data among systems and stakeholders for increased efficiency and enhanced integration.
 - a. Improve the timeliness, utility, and accessibility of statewide collision data.
4. Promote the value of traffic records data and encourage training opportunities to maximize the effectiveness of the data for decision and policy making.
 - a. Enhance the structure and activities of the Traffic Records Workgroup and Oversight Council.

EMERGENCY MEDICAL SERVICES

Reduce Emergency Medical Services response times.

1. According to the Washington Administrative Code governing response times, the following standards have been adopted: Ten minutes or less in urban areas, twenty minutes or less in suburban areas, forty-five minutes or less in rural areas, and as soon as possible in wilderness areas. The goal for these standards IAW the WAC is an 80% compliance rate.
2. Implement statewide system to collect, distribute and analyze EMS first response data covering crash related injuries.

Collision Data & Performance Measures	Baseline Data 1996-2000					Progress Report Data 2001-2006*					
	1996	1997	1998	1999	2000	2001	2002	2003	2004	2005	2006*

 Data not available prior to 2000.

D. HIGHWAY SAFETY PLAN COST SUMMARY (2008-HSP-1/HSP Form 217)

The following federal budget summaries are based on projects outlined in the Planning Document in Section II, and are an estimate based on expected funding. A revised "initial obligating 2008-HSP-1" will be submitted to NHTSA Northwest Region within 30 days of learning what actual funds will be provided.

State Certifications

Revised 8/25/05

STATE CERTIFICATIONS AND ASSURANCES

Failure to comply with applicable Federal statutes, regulations and directives may subject State officials to civil or criminal penalties and/or place the State in a high risk grantee status in accordance with 49 CFR §18.12.

Each fiscal year the State will sign these Certifications and Assurances that the State complies with all applicable Federal statutes, regulations, and directives in effect with respect to the periods for which it receives grant funding. Applicable provisions include, but not limited to, the following:

- 23 U.S.C. Chapter 4 - Highway Safety Act of 1966, as amended;
- 49 CFR Part 18 - Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments
- 49 CFR Part 19 - Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Nonprofit Organizations
- 23 CFR Chapter II - (§§1200, 1205, 1206, 1250, 1251, & 1252) Regulations governing highway safety programs
- NHTSA Order 462-6C - Matching Rates for State and Community Highway Safety Programs
- Highway Safety Grant Funding Policy for Field-Administered Grants

Certifications and Assurances

The Governor is responsible for the administration of the State highway safety program through a State highway safety agency which has adequate powers and is suitably equipped and organized (as evidenced by appropriate oversight procedures governing such areas as procurement, financial administration, and the use, management, and disposition of equipment) to carry out the program (23 USC 402(b) (1) (A));

The political subdivisions of this State are authorized, as part of the State highway safety program, to carry out within their jurisdictions local highway safety programs which have been approved by the Governor and are in accordance with the uniform guidelines promulgated by the Secretary of Transportation (23 USC 402(b) (1) (B));

At least 40 per cent of all Federal funds apportioned to this State under 23 USC 402 for this fiscal year will be expended by or for the benefit of the political subdivision of the State in carrying out local highway safety programs (23 USC 402(b) (1) (C)), unless this requirement is waived in writing;

The State will implement activities in support of national highway safety goals to reduce motor vehicle related fatalities that also reflect the primary data-related crash factors within the State as identified by the State highway safety planning process, including:

- **National law enforcement mobilizations,**
- **Sustained enforcement of statutes addressing impaired driving, occupant protection, and driving in excess of posted speed limits,**
- **An annual statewide safety belt use survey in accordance with criteria established by the Secretary for the measurement of State safety belt use rates to ensure that the measurements are accurate and representative,**
- **Development of statewide data systems to provide timely and effective data analysis to support allocation of highway safety resources.**

The State shall actively encourage all relevant law enforcement agencies in the State to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect.

This State's highway safety program provides adequate and reasonable access for the safe and convenient movement of physically handicapped persons, including those in wheelchairs, across curbs constructed or replaced on or after July 1, 1976, at all pedestrian crosswalks (23 USC 402(b) (1) (D));

Cash drawdowns will be initiated only when actually needed for disbursement, cash disbursements and balances will be reported in a timely manner as required by NHTSA, and the same standards of timing and amount, including the reporting of cash disbursement and balances, will be imposed upon any secondary recipient organizations (49 CFR 18.20, 18.21, and 18.41). Failure to adhere to these provisions may result in the termination of drawdown privileges);

The State has submitted appropriate documentation for review to the single point of contact designated by the Governor to review Federal programs, as required by Executive Order 12372 (Intergovernmental Review of Federal Programs);

Equipment acquired under this agreement for use in highway safety program areas shall be used and kept in operation for highway safety purposes by the State; or the State, by formal agreement with appropriate officials of a political subdivision or State agency, shall cause such equipment to be used and kept in operation for highway safety purposes (23 CFR 1200.21);

The State will comply with all applicable State procurement procedures and will maintain a financial management system that complies with the minimum requirements of 49 CFR 18.20;

The State highway safety agency will comply with all Federal statutes and implementing regulations relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin (and 49 CFR Part 21); (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§ 1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps (and 49 CFR Part 27); (d) the Age Discrimination Act of 1975, as amended (42U.S.C. §§ 6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to

nondiscrimination on the basis of drug abuse; (f) the comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970(P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse of alcoholism; (g) §§ 523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§ 290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§ 3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

The Drug-free Workplace Act of 1988(49 CFR Part 29 Sub-part F):

The State will provide a drug-free workplace by:

- a. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- b. Establishing a drug-free awareness program to inform employees about:
 1. The dangers of drug abuse in the workplace.
 2. The grantee's policy of maintaining a drug-free workplace.
 3. Any available drug counseling, rehabilitation, and employee assistance programs.
 4. The penalties that may be imposed upon employees for drug violations occurring in the workplace.
- c. Making it a requirement that each employee engaged in the performance of the grant be given a copy of the statement required by paragraph (a).
- d. Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
 1. Abide by the terms of the statement.
 2. Notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction.
- e. Notifying the agency within ten days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction.
- f. Taking one of the following actions, within 30 days of receiving notice under subparagraph (d) (2), with respect to any employee who is so convicted -
 1. Taking appropriate personnel action against such an employee, up to and including termination.

2. Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency.
- g. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f) above.

BUY AMERICA ACT

The State will comply with the provisions of the Buy America Act (23 USC 101 Note) which contains the following requirements:

Only steel, iron and manufactured products produced in the United States may be purchased with Federal funds unless the Secretary of Transportation determines that such domestic purchases would be inconsistent with the public interest; that such materials are not reasonably available and of a satisfactory quality; or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. Clear justification for the purchase of non-domestic items must be in the form of a waiver request submitted to and approved by the Secretary of Transportation.

POLITICAL ACTIVITY (HATCH ACT).

The State will comply with the provisions of 5 U.S.C. §§ 1501-1508 and implementing regulations of 5 CFR Part 151, concerning "Political Activity of State or Local Offices, or Employees".

CERTIFICATION REGARDING FEDERAL LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

RESTRICTION ON STATE LOBBYING

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION

Instructions for Primary Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

5. The terms *covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded*, as used in this clause, have the meaning set out in the Definitions and coverage sections of 49 CFR Part 29. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.

6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of Parties Excluded from Federal Procurement and Non-procurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

*Certification Regarding Debarment, Suspension, and Other Responsibility Matters-
Primary Covered Transactions*

(1) The prospective primary participant certifies to the best of its knowledge and belief, that its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of record, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Lower Tier Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded*, as used in this clause, have the meanings set out in the Definition and Coverage sections of 49 CFR Part 29. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction,

unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. (See below)
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion -- Lower Tier Covered Transactions:

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

ENVIRONMENTAL IMPACT

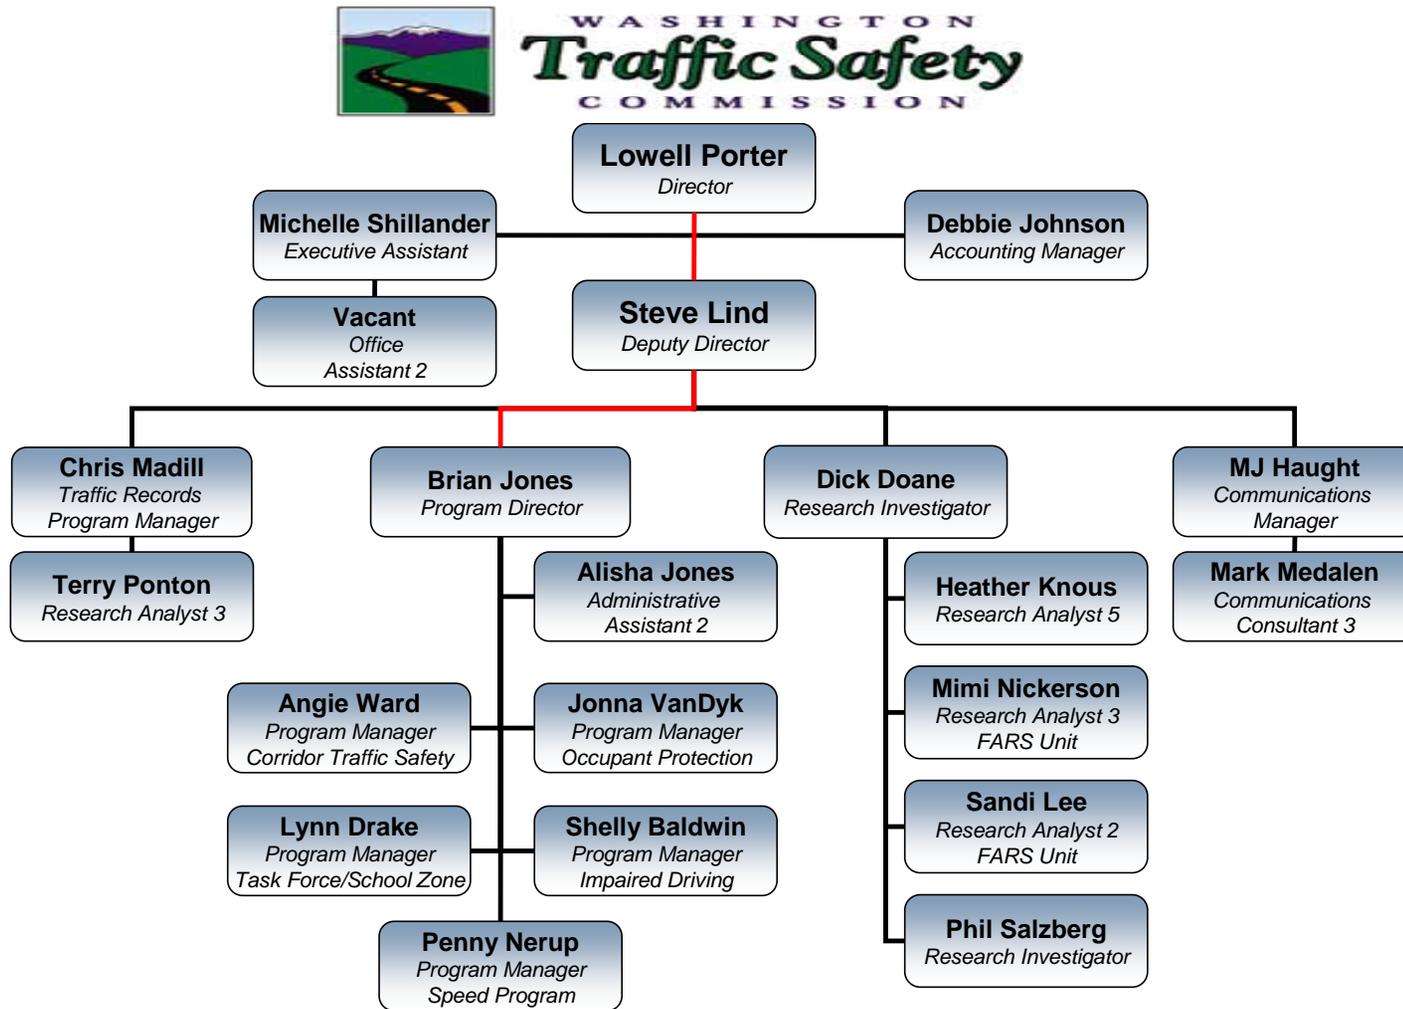

The Governor's Representative for Highway Safety has reviewed the State's Fiscal Year 2008 highway safety planning document and hereby declares that no significant environmental impact will result from implementing this Highway Safety Plan. If, under a future revision, this Plan will be modified in such a manner that a project would be instituted that could affect environmental quality to the extent that a review and statement would be necessary, this office is prepared to take the action necessary to comply with the National Environmental Policy Act of 1969 (42 USC 4321 et seq.) and the implementing regulations of the Council on Environmental Quality (40 CFR Parts 1500-1517).

A handwritten signature in blue ink, appearing to read "Samuel P. ...", is written over a horizontal line.

WTSC PLANNING & PROGRAMMING TIMELINE

1. January: Problem identification.
2. January – February: Establish goals, priorities and performance measures in state *Strategic Highway Safety Plan: Target Zero*.
3. March: Develop performance plan.
4. April 1 – May 15: Solicit & receive grant requests.
5. May 15 – June 1: Staff review grant requests.
6. June 1 – June 21: Staff and TAC evaluate, grade and rank grant applications.
7. July: Commissioners review and approve grants for funding.
8. July – August: Prepare HSPP and submit advance draft copy to NHTSA for preliminary review and comment.
9. August 31: Submit final HSPP to NHTSA Region 10.
10. October 1: Initial federal highway funds awarded to WTSC.
11. October 1 – September 30:
 - Grants awarded to sub-grantees
 - WTSC obligates funds to GTS as federal funds received
 - Project monitoring
12. October – December: HSPP close out
13. December 31: Submit Annual Report
